GRADE 11 / Tourism / English

Build a responsible itinerary

01 Understand

Learning goals: Arrange a feasible itinerary • Calculate a trip budget • Evaluate social and environmental choices

An itinerary sequences travel, activities and rest with realistic buffers. Check actual access, opening times and booking requirements.

A budget separates per-person costs from shared costs. State the number of travellers, nights and any exclusions.

Responsible tourism aims to reduce harm and support local benefits while providing a good visitor experience. Claims should be tied to specific actions, not vague green labels.

Illustrative one-night trip for two people

Item	Calculation	Total
Transport shared	one vehicle	R600
Room shared	one night	R800
Activity per person	R120 × 2	R240
Meals per person	R150 × 2	R300

02 Follow the reasoning

Calculate the total and per-person cost, then suggest one responsible choice.

1. Total = 600 + 800 + 240 + 300 = R1 940.

2. Shared equally, cost per person = 1 940/2 = R970; this excludes any unstated fees.

3. Use an appropriately qualified local guide and follow site rules; explain how the choice supports livelihoods or protects the destination.

GRADE 11 / Tourism

Practise with purpose

03 Try before checking

Use paper or your notebook. Show your reasoning. For written responses, use evidence and explain your choices. Suggested time: 15–20 minutes.

1. Add a 10% contingency to the total.

2. Why must a four-hour journey not be scheduled as a one-hour transfer?

3. Name one measurable action that reduces waste.

04 Check and correct

1. R194 contingency; revised total R2 134.

2. It makes later activities infeasible and may encourage unsafe rushing.

3. For example, provide refillable water bottles and measure fewer single-use bottles used.

Common mistake to avoid

Do not charge a shared room twice per person unless the quotation explicitly gives a per-person rate.

Reflect and revisit

Identify one correction in your own words. Attempt a similar question tomorrow without looking at the guide. If you are still unsure, take your attempt to a teacher or tutor.

Coverage and sources

CAPS topic focus: Tour planning; responsible and sustainable tourism

DBE CAPS, Grades 10–12: Tourism. Section 3 content and skills. This is a focused supplement, not a complete syllabus or prescribed literature replacement.
