Tutor Policies, Terms and Conditions

SmartBridge FET | TECH AND GUARD (Pty) Ltd
Version 1.1-draft | Prepared 14 October 2026

DRAFT FOR OWNER AND SOUTH AFRICAN LEGAL REVIEW. This document is not yet an activated contract. Operator: TECH AND GUARD (Pty) Ltd, CIPC registration 2026/155090/07. Registered office: 6 Marais Road, Stellenbosch, Western Cape, 7600, South Africa. Support: aneleq@techandguard.co.za. SmartBridge FET is the platform brand; no registered trademark status is claimed.

Accurate professional profile

Provide accurate qualifications, institution/SACE details where applicable, subject competence, availability and rates. Keep your bio and introduction truthful. Only publish media you own or have permission to use. Explicitly acknowledge that profile media is public. Never upload a learner's likeness, clearance document or confidential credential as a public introduction. Approval is subject to continuing review and is not an employment appointment or a guarantee of income.

Sessions and safeguarding

Confirm bookings only when you can deliver. Be punctual, prepare suitable material and maintain professional boundaries, especially with minors. No sexual, discriminatory, threatening or exploitative conduct; no requests for private images or unauthorised personal information. Keep communications within the agreed platform channels. Obtain valid consent before recording, retain only necessary records, and report safeguarding concerns through appropriate channels.

Cancellation and settlement

A student's paid booking cancellation at least 24 hours before the scheduled session is eligible for full repayment of the booking fee. Read the written cancellation notice and acknowledge receipt where possible so you can re-plan your day. If you cancel or fail to provide the booked service, the learner must not fund a service you did not supply; a paid booking is referred for full refund. Late cancellations and exceptional circumstances require fair review, not automatic forfeiture irrespective of law. Do not pressure a learner to waive mandatory rights.

Tutor payouts are separate from subscription revenue and may only use confirmed payment records. The disclosed commission/flat-fee agreement controls permitted deductions; deductions may not be invented retrospectively. Settlement must account for completion, genuine disputes, chargebacks and refund obligations before release. Payment tools are not active merely because this document describes them. The company must approve the actual payout timetable and tax/contract arrangements before paid operation.

Account conduct and liability

Do not redirect platform customers to evade agreed fees, misrepresent authority, misuse learner data or infringe materials. A proportionate contractual claim for losses caused by your proven breach or unlawful conduct may apply, subject to lawful process; no unlimited automatic penalty is imposed. Fraud, wilful misconduct and gross negligence cannot be shielded by an indemnity. A classification clause alone does not determine employment status in law. The general service terms, privacy notice and refund policy apply.
